A TRAINING INSTITUTE WITH AN INTERNATIONAL OUTLOOK

Creation context and legal form

Based in Rabat (Morocco), IFF was created in 2015 following a successful partnership between ONCF and SNCF as part of Morocco's High Speed Line project.

- **October 2007**
Intergovernmental agreement for the creation of the Casablanca-Tangiers high-speed rail link
- **September 2011**
Preliminary memorandum of understanding for the creation of IFF
- **April 2013**
Final memorandum of understanding for the creation of IFF
- **March, 30th 2015**
First IFF training courses

PURPOSE

By **developing skills** and sharing experience, IFF is a tool for the **CSR policy** of the ONCF and SNCF groups. Within a framework of shared values, IFF defines and implements expertise as close as possible to the projects in the countries concerned, by promoting skills development among **professionals** in the sector. Through its various initiatives and actions, IFF is contributing to **a sustainable future** that is better connected by guided transport.

STRATEGIC AMBITION

IFF provides a range of **high-level, multilingual, reinvented and digitalised services** in the areas of skills development, training advice, support and operations that contribute to the **influence of the ONCF and SNCF Groups**. It ensures leadership on the African continent, sets the standard and creates connections between railway professionals. It is **chosen by a wide range of customers and partners** in a growing international guided transport market

- **Wi-Fi access** for all trainees
- A fully refurbished **catering area**

Human capital : More than 100 expert trainers

For its training courses, IFF relies on a corps of selected trainers with recognised skills in their field.

Our trainers are:

- SNCF experts
- ONCF experts
- SNCF and ONCF retirees
- External experts

IFF does not have any permanent trainers, with the exception of the Traction expert on the driving simulator.

They trust us

A satisfaction rate of 88%*

confirms that satisfying our trainees is our constant objective and proof of our excellence.

ISO 21001 certification obtained in 2021 testifies to the professionalism of our teams.

An international outlook

Customers in Europe, Africa and Asia place their trust in IFF

A network of international partners
